

Thank you for supporting RiverSculpture

Since its launch in 2006, RiverSculpture has provided a high quality showcase for the best regional sculptors as well as an unprecedented opportunity to experience art in a beautiful natural setting.

In 2008, with your help, we will begin moving RiverSculpture to the next level; the development of a permanent sculpture park, establishing the Asheville area as the preeminent sculpture center in the Southeast.

Your tax-deductible contribution to RiverSculpture can be made on the following levels:
